The following information is required for production permits, transport permits for non-exempt wells, and permit amendments:

- A detailed statement to include:
 - The nature, and purpose of the various proposed uses;
 - The amount of water to be used for each purpose; and
 - For production permit application:
 - A projected quarterly timeline detailing the anticipated pumpage volumes for the first three years of pumpage;
 - A breakdown by types of use (domestic, commercial, irrigation, industrial, etc.); and
 - Conservation practices in effect or proposed.
- A declaration that the applicant will comply with the District Rules and all groundwater use permits and plans promulgated pursuant to District Rules.
- The location of each proposed or existing well and a plat or map showing location of the property and location on property of well for which application is submitted.
- A water well closure plan or a declaration that the applicant will comply with well plugging and capping guidelines set forth in the District Rules and will report well closures.
- Notice information requirements (required for all new non-exempt wells which the District requires an opportunity for a hearing (See Rule 12.D)):
 - A location map including the location of:
 - The proposed well or the existing well to be modified;
 - All existing wells within a half (1/2) mile radius of the proposed well or the existing well to be modified;
 - The subject property; and
 - The property of all the landowners located within the half (1/2) mile radius
 - A tax plat map indicating the location of:
 - The proposed well or the existing well to be modified;
 - The subject property; and
 - ~~3.~~ The property of all the landowners located within the half (1/2) mile radius.
 - The names, mailing addresses, and physical addresses of the property owners with property located within the half (1/2) mile radius; and
 - Mailing address of retail water provider if applicable (notification of any property owner served by a retail water utility is not required of any applicant if notice is provided to the retail water utility).
- For new wells or well modifications, a proposed well design schematic with specifications to include: the total depth, borehole diameter, casing diameter and depth, annular seal interval(s), annular sealing method, surface completion specifications, and any other pertinent well construction information.
